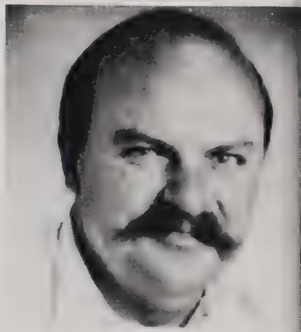
"I'm proud to say I was a teacher."

"If it is worth doing, it is worth doing well."

"Teaching is an act of friendship."
~Kurt Vonnegut



Gary Glatki

For students and staff- friends:
Twining
Twining vines interlace the lattice of our lives,
Twin cords birth double joys
In rose of friendship.

Weighted by sorrow, one falters
Gasps in dearth of spine
For upward climbing, until

The other casts a tendril's gentle arm
Encircling the other, whispering
Inviolate hope that flowers bloom again.

Tendril by tendril the vines sprout forth again
to make one journey upward
Toward love's light.

Always the Light draws one or other
To heights one vine alone can't reach
But doubly bound, both free to leaf.

One first will reach the garden of
Everblooming Light, releasing-
The earthly root that holds it fast.

Then reaching tendril downward softly say,
"This ,dear friend, this is the way."

I'd like to thank all the skilled and caring teachers I was fortunate enough to work with over the years. It was truly inspiring. Also, I'd like to express my appreciation to each and every one of the great kids who made teaching such a joy for me. You have given me many wonderful memories to cherish.

High school has rocked! I may not do well in school, but it still was awesome. I've seen the greatest bands while in high school, like AC/DC, Kiss, Aerosmith, and Metallica just to name a few. I've met the greatest friends while in school like Steve, Luke, Craig, Tim, Dennis, Jesse, Jason, Andy, and King-size Christian Morecraft. Sorry if I forgot you, I'm not really good with remembering things. But I'll miss every one from high school when I graduate. I'll especially miss the people in my homeroom like Becky, Adam, Laura, Marcia, Kate, Holly, Meri, Casey, and of course Paul. Out of all the things in high school I think I'll miss all of the major babes the most. Like Emily M, Ashley K, Kassi K, Liz W, Kate C, Danielle S, Stephanie J, and Becky A. There are way too many good lookin' girls in our school for me to remember all of their names so that's why this list is so short. Throughout high school me and Christian have had the greatest times and we better keep rockin on after high school. So Party on Wayne and Party on Garth. Rock on.

Coming to school was much less of a burden knowing that I had such good friends waiting for me.

High school to me was an unbelievable experience. It just passed before my eyes so quickly, a blur. Now I see the faces of the many I've known throughout the years, and how we've grown together. Some of you I'll never see again, and some of you will always stay near. But no matter where I go and what life brings me, what will always be important to me will to keep my true friends and my family close to me for as long as I live. Because in the end, thats all that we have. Thanks Mom and Dad for all your support, Taylor for being the coolest, and Alyssa, for helping me feel and see things that I never knew possible.

I would like to first of all thank my parents, Jacob, Grammy, Grampy, and all of my extended family members for the endless amount of support. I've had some great memories during the past 4 years. My year in France notably stands out in my mind. Even though I did some pretty exotic things such as hiking in the Alps, eating blood pudding and wild boar (don't ask) and attending a real French high school, it is great to be back in the US! As I attempted to write essays in French, I remember thinking, "God, I miss BHS!" *Je veux souhaiter bon courage a mes amies et a toute la classe en general. Je suis sure que l'on se verra a un jour mais me manquerez quand meme.* And good luck String Ensemble, I'll miss you!

"Each day just goes so fast . . . you turn around it's past." Mom, Dad, Chad, Maggie, Kenny, and Josiah — for better or worse, you've made me who I am. No matter what, you will always be the foundation I am built on Maggie — I'm so lucky to have you for a sister as well as a close friend. We will forever be like peas and carrots. Allyson — You are more than a best friend, we shared our childhood together. Don't forget you are a beautiful person and I love you. Seth — seeing myself through your eyes has made me love who I am. These last four years have, indeed, been a strange lot. Many ups and downs, many twins and turns, but apparently, I've made it out all right I thank those who've made it possible, who were kind enough to be my friends who never gave up on me and who stuck around when I was having a hard time, and I apologize to all those that I let down, and I know that happened on one occasion or another. In any case, the years spent here were great, I thank those, and the school itself, who were able to be a part of my experience in this place.

Having trouble deciding what to write here, I would plainly like to wish everyone good luck. I advise people to make wise decisions concerning their future. I hope everyone's time here was at least as good as mine, and big everyone farewell. If anyone cares to contact me, please, feel free, it would be appreciated, whoever you are. How is one to live a moral and compassionate existence when one is fully aware of the blood, the horror inherent in life, when one finds darkness not only in one's culture but within oneself? If there is a stage at which an individual life becomes truly adult, it must be when one grasps the irony in its unfolding and accepts responsibility for a life lived in the midst of such paradox. One must live in the middle of contradiction, because if all contradiction were eliminated at once life would collapse. There are simply no answers to some of the great pressing questions. You continue to live them out, making your life a worthy expression of leaning into the light. --Barry Lopez

(My final thoughts as written on a scrap paper) —
Time is a precious thing, but like most things in life you must let it go to appreciate its full beauty. In my time, I have met some extraordinary people, have had the joy of seeing all kinds of beauty and I have even had the chance to fall in love. But I don't think I could have done it without my friends, my family and Laura. I can't thank everyone enough; you are what made me who I am today. I hope you all live life to the fullest; don't be afraid to try. And when you look back, remember the good times as well as the bad and be thankful for the time that you had. To Laura, I hope you dance and when you look up at the stars in the sky so big, remember to smile, because they are looking back at you. Thank you all.

So that was High School . . . that was fun.It was an interesting ride.Sorry if this isn't too detailed, but I thought I'd do it right before it's due, like I did everything else in school: go laziness! Mom and Dad, thanks for the help and support over the years. I couldn't have succeeded without you guys. R.I.P. Calebe. It's a shame that you were unable to enjoy senior year with us. You were an awesome teammate and friend. You are greatly missed. MK, JC, DR. NN, CS all those great poker nights we had. The Phillies lose and Joe throws a fit. That was great. All those delicious meals at the Olive Garden. Fun times in track and hopefully more to come. The decathlon we had. If it weren't for the hurdles I would have won. Great memories all around with you guys. Max, keep on kicking. Joe, good times to come at Butler's. Tough soccer year but, hey, it was fun. Best of luck next year, BHS!!

After looking throughout a number of write-ups from previous years, I've noticed that most people tend to use this space to thank friends and family for their help and support that they've given throughout the past four years and all prior to that. Well, in my case, (since I really don't have to much to say) I'm going to do the same thing. So . . . I'd like to say thanks to Lea, Alla, Alisa, Adam/Mellon, Heather, Jessica, Jen, Ciera, Sam/Chunk, Odile, Natalie, Catherine, Sarah, Jon, Quincey, everyone in my homeroom and to all the kids! Sorry to anyone I might have missed. Extra thanks to Sandy. Also, thanks to any band who may have inspired me to do some rather odd things in the past (Miss you Jessie). And so I don't forget, thanks to all the teachers I liked. Extra special loving thanks to my family. I wish the best to all! ESLTTJC.

I hear that high school is the best 4 years of our lives, never believed it, but now looking back I can see why people say that. I have to thank my parents for being there for me even when I told you to back off; you are the best. Erin, you mean so much to me and are always there to help me through when I need you. To all my friends, the bonfire crew, you're the greatest. We went through a lot together but we made it. To Small Paul who didn't make it, I will never forget you, the firsts, the bonfires, the best friend to everyone. Sailing team, you are like my family, good times in Florida, this is the year we are winning New Englands. Thanks to the teachers who made classes bearable. High school was great and I wish luck to everyone; I'll see you later . . .

It has always been this way: The sun profoundly shouts its glory to our eyes in a brillant cacophony of crimson and daffodil flames, and the waters yield to the pull of the moon. It is beautiful — the regularity of nature, the existence of life. We drink the cool elixir of the clouds and feel the pulse of the stars; we whisper firefly truths to the night winds of summer and share the beauty of our own lieves.

We will all be together in the end — the universe will one day yield to entropy and we will forfeit all individually and shape. But for now I will leave this landscape as it was when I entered — a breathtaking flourish of life and sound — and travel with luminous memories under open eyelids; the earth is warm and its pull is strong, but my shadow abides in the cool moonlit air.

It's been a great four years . . . I can't believe it went by so fast. Thanks to everyone (teachers and parents) who helped me get through it. First, to Allie . . . my honey baby and pretty kitty. Garrett — Throwing Eggs at Jared . . . Jared — Finding stuff on my car floor . . . Jake — Narf . . . Grace — Well there's this rope . . . Jen — Remember the ugly faces? . . . Sam — Edgartown . . . Rory — Meeting at the Corner . . . Sketchy Ben — We read the same books . . . Smalls — Walking to Connecticut (R.I.P. I will never forget the great times we had) Well that's it. Thanks to everyone I didn't mention. Many more memories, but way too many to mention. I will never forget the great people and great times I had at BHS. Good luck!

Wow, summing up the last 12 years in 10pt font is harder than it seems. If I left anyone out, do not be offended; I just don't have much room. First and foremost thanks Mom and Dad for the big things like teaching me right from wrong and the small things like making me lunch. Good luck, Scott. Thanks to every teacher who inspired me in some way, especially Dr. Inger for making English like "modern art; at first you think it's hideous but after looking closer you see the beauty and you love it." Thanks to Mrs.Salley for making senior comp, which has the potential for infinite boredom, one of my favorite classes and a really big thanks to Dr. Auger and Mr. Gyra for getting everything started, to Mme. Toole for teaching me my 1st words in French and Mme.Kahus for caring.

As much as I hate to say it, the school and the people in it
helped shape me into who I am. None of you will be
forgotten; you all leave at least one memory with
me. From morning and afternoon bus rides, loud art
classrooms, cafeteria arguments, and homeroom
conversations. The inside jokes, about trash bags, ancient
voices, eyebrows, funky chunk, flappy, third eyes,
, corruption, sheep, fires,
speech impediments, Spike and Angel, tattoo magazines.

SOMEBODY TOLD ME ONCE THAT SHE DIDN'T LOVE ANYONE WHO HADN'T EARNED IT. THAT'S NOT HOW I THINK. LOVE IS A GIFT THAT YOU GIVE SOMEONE BECAUSE YOU WANT THEM TO HAVE IT.

I THREW OUT MY LIST OF NAMES WHEN IT HIT AN EVEN 50. I TRIED TO LOVE YOU ALL THE BEST I COULD. I LOVED SOME OF YOU MORE THAN YOU KNOW, AND OTHERS LESS THAN I SHOULD HAVE, AND I AM SORRY FOR THAT, BUT THAT IS THE ONLY THING. SOME OF YOU BELEIVED IN ME. I ALWAYS BELEIVED IN MYSELF.

MUCH LOVE -

In thinking of this write-up and all the things I could say, nothing came to mind. Instead of something to say, I remembered all the moments that have made up these four years of my life. I thought of all the friends that I made and all the fun things I did with them. Most groups of friends break up after high school but I hope that we can stay in touch over the years. The memory of these four years, the good and the bad, will stay with me for the rest of my days. For most of these years I thought of ways to make them pass quickly and graduate but now I can't help but wonder life holds for me and my friends.

A BHS foi uma das melhores coisas que aconteceram na minha vida aqui na America. Aqui eu pratico esporte, trabalho na loja do colegio e ainda fazemos muitos passeios. Agradeco aos professores e amigos que me ajudaram a vencer esse disafio. BHS was one the best things that happened in my life here in America. Here I play sports, work in the school store and go on many field trips. I would like to thank the teachers and friends that helped me to realize my dreams.

When I came into high school I had about 6 real good friends and nearing the end of it I have about 20. We've all had so much fun just being goofy, hanging out, staying immature and I wouldn't change a thing. Some of my favorite memories from the past 4 years include: -thunggin at crew -songs about Jeff -bonfires at the beach -B&Js parking lot -extreme hacking -concerts -everquest marathon -Geek-Unit -little kids at football game -the mall -Brandon's basement -Jesses basement -the villages store -little girls basketball -jr prom -homecomings -cigs -drop shorts techno dancing -Pablo Francisco -the Frappacinos (best boyband ever) -buddy attacking Jeff -grandpas swimmin' trunks -asian rave -procrastinians -West Barnstable vs the world football games -camp -GLAB -big 5 tournament. A human being is part of the whole called by us 'univers,' a part limtied in time and space. We experience ourselves, our thoughts, and feelings as something separate from the rest — a kind of optical delusion of consciousness. This delusion is a kind of prison for us, restricting us to our personal desires and to affection for a few people nearest to us. Our task must be to free ourselves from this prison by widening our circle of compassion all living creatures and the whole of nature in its beauty.

First things first: I would like to thank my parents, my friends Thomas, Raymond, Katie, Misty, and anyone else I've forgotten for being awesome friends, the one and only A/K (Awful Knoffle), my alter ego Zombiehead, and anyone else, for helping me through high school and supporting me. Now, for the part I like . . . the part where I get to say farewell, Soul Selled style! Without Kyle Lazzari, everyone will lose touch with themselves, so I say this. Stay happy, stay stupid, and always, in the words of that homicidal stunt master Awful Knoffle, "Never underestimate the power of stupid people in large crowds!" watch out, cause A/K will rule again. In thus I say goodbye; see you all later, and stay stupid. Oh yeah, one more shout out to a/k's eternal love, Smitten Knoffle, may your wisdom shine utter destruction in stupidity's name. Treat a/k well, because he won't! HAHAHA!

I'm not sure that I am ready to leave the comfort of reliability and be cast out into a world of uncertainties. I am most definitely not ready to leave those whom I love, those who have stuck by me from the beginning, even though the most difficult of situations. For those who have touched my life, I will never forget you. Kelly, we've been best friends since 8th grade and I don't regret one second of our time together, not even our fights, because I know that somehow those minor disputes have enabled us to grow even closer. I hope that you will always be a part of my life, and although our paths may differ, I will always keep you close through fond memories. Mollie, we met as immature freshmen, carefree and still trying to discover ourselves. Our friendship has grown drastically since then. I want to thank you for encouraging me to be myself and for always being there for me. Erica, you are truly a wonderful person. I will always treasure the time we've spent together. Wee, Flarf, and Shauna — good luck in your remaining years of high school. Each of you has made a huge impact on my life. You know I will always love you.

Happenin! I'd first like to thank my family for putting up with me; it's a tough job. Big thanks to my best friends, Aaron, Dan, Peter, and Steve for making getting up and going to school everyday for four years as painless as possible; you guys are my friends till the end. I also can't leave out the entire F.B.C, you all know who you are, and you all rock. Also, Matt, Ryan, Larry, Eric, Adam, Coleman, Villmer, Dom, Vittaya, Sou-za, Brandon, Kempton, Holly, Anjuli, Angie, Rochelle, Casey and so many more. Crazy concerts, nights at papa gino's, wild times at Steve's, summer baseball, the bowling alley, it was all ridonculous (Dirty Dave). And what would high school be without a little bit of . . . Trouble. Liz, you're my backbone. You keep me from falling on my face at times. You do so much for me, and I'm so grateful for you. I love you. I also loved my time with everyone else mentioned. It was a great four years. I wish everyone the best of luck.

I can hardly believe that it's already my senior year. I don't even feel like a senior. Oh well-I guess I'll never really grow up. So, to my fellow senior friends — Ciera, Alyssa, Lea — see you around wherever you may go in life, and I hope we'll hang out as much as ever. Ciera, I hope you and Laura have fun in New York. Alyssa, let's keep playing Harvest Moon. "Chicks dig the farmers!" remember? Lea make room in your busy timeframe to hang with me more often, ok? And to my non-senior friends — Rebecca, Natalie, Lindsay — good luck in the rest of your school years. I'll miss you lots! Rebecca, we can still hang out. Keep singing, and good luck with your soccer. Natalie, let's do more stuff together, ok? Lindsay, the same goes for you — and stop putting up your finger when I take your picture! And a final thank-you to all my great teachers — I couldn't have made it without you. Thankyouthankyouthankyou for everything! (you can read that, right) And to my parents words can't express my feelings of gratitude. Everything I did started with you. Thanks for being there for me every time. Goodbye BHS! Remember, I'm "only a memory away"!

Growing up, my mom made sure I stayed in Barnstable schools, and for a very good reason. If I had not done so, I might not have the same friends as I do now. To Burt, the Joseph twins, Diana, Elena, and all the rest of my friends, thank you for everything. You were always there when I needed someone to talk to, and also to just hang out. To Ciera ∼my favorite cousin∼ you made my time at the high school much more fun and enjoyable. I enjoyed every single one of my classes, and I will always see my teachers as my friends. But my favorite would have to be Ms. Orr. Things might have gotten a little hectic now and then, but we always managed to get through it all. To all my friends, I hope we stay friends forever. Mom, Dad, Pa, James, Crystal, Robert and Ciera, I love you all. Thank you everyone for a great time.

The past four years drift through my mind like leaves in the fall. We tiptoed in naïve and faltering, afraid to discover what was unfolding before us. We will walk away from here strong and steadfast, emboldened by the lessons we've learned along the way. Slowly, subtly, we have grown, each in our own ways, as we separate and converge again on the path of life. In the beginning, we were stretching our necks toward the sun, unaware that our roots spread so far beneath the surface. By now we have learned to shed our self-conscious skins, and expose ourselves to a light that illuminates from the inside. Together we have laughed, cried, celebrated, shared, smiled, danced, breathed . . . we have lived deeply. Thank you for sharing the journey with me.

Well I guess it's over, Class of 2004. High school life has definitely made its impact on my life, thanks to all the people who were there for me through those years. Alicia you're my best friend and I don't know what I would do without you, ever since 7th grade we have been best friends, we have been through thick and thin and I don't want things to ever change between us. I also want to say thanks to all the kids in tech 3, my homeroom, Mrs. Gyra for making sure I finished all my work, Mr. Gyra for having a great interactive class, and all of the other teachers that I have had throughout the past 4 years; I have really learned a lot. Finally I would like to thank my family for being there for me no matter what. Mom, Dad, Andrea I Love You.

High school has been one of the greatest experiences I have had. It was most enjoyable with my two best friends, Waide and Aaron. The times we shared will always be a permanent memory. I hope our friendships don't cease to be and that we will share the upcoming years together. Thanks to both of you for your support during the hardships of my life.

The end of our senior year is finally here. So many things have happened in these last four years. I want to thank all of the players from the wrestling, lacrosse, and football teams. We have been through a lot together, both good and bad times. Especially the guys on the lacrosse and football team who I have known for many years. J. Go "Mr. Big One," EE, JL, JH, LJ, ZL, CT, JB, DW, LJ. I have also had fun in the Drama Club for the last four years, from the Disney trip to building huge staircases and corn starch. Adam A. right now Celtics. And who could forget molases and giant ants. But please let's forget the Bounty and it's not contagious. Adam J. the fun times we had at the many houses. I think there were about six. So many things we did I can't list like cat hunts and random BBQ. Thank you to all my friends and family. Good luck to everyone.

Stepping into school on the first day was like stepping onto a stage for the first time. You go through tireless rehearsals perfecting the talents you have acquired and meeting challenges and expectations. But now rehearsals are over and opening night is approaching. O.K. so now we're facing a little stage fright. But we have been working towards singing solo. We are prepared. Our dreams have become a reality. Of course we don't do it alone, our directors, our teachers are always there to help with staging. But, the show would never take flight if it weren't for the backstage managers and hands. It's the never-ending support of family and friends. Thanks for the applause: Geary, Kate, Brooke, Marcia, Alicia, Jenna N., Zara, Krystle, Shocka Zullo, Clifton, Kristen B., Ryan R. Julie and Maggie. I'll always love you, Paul. My mentors and teachers: Mr. Magner, Mrs. Alvarez, Ms. Aylmer, Mr. Hutch, Mrs. Slater, Mr. R., and Landers. But, where would I be without my biggest fans, my family. Tom and Julie, you are inspirations. Mom and Dad, you are my heart and soul. Thanks for your smiles and laughter. Break a leg, Class of 2004!

It's been a long trek through these high school years . . . but we've made it to the final stage, just before we all go our separatee ways on to college, careers, and what not. I would now like to reflect on some of the more meaningful moments of high school life. People watching at Sandy Neck with C-Section, Cuban-BJ-Spunk, T-Cup, and Tuuuna . . . where we spotted Big Red, Gandhi, Ahhhnold, and the ancient Chinese secret. Contests that involve chewing 3 feet of bubble gum and blowing bubbles are always fun. Being a 5th wheel . . . not always fun. Spain 2003 was incredible. 10 points were won many times for spotting fat people . . . I didn't quite touch big D'ssss . . . but I did manage to touch the old woman's ssss . . . Citizen Ape was more than just a movie . . . it was an experience. Playing disc at Burgess all year round rain or shine. Times were always good with Nancy and Ethel. Making a journey to the dump with Kyle and Colleen while on suspension turned out to be a good time. I thank my friends, teachers, family, and the Cutlass for helping succeed in high school. And Kyle . . . I don't hate mornings anymore.

Some of the best four years of my life are now drawing in to a close and there's nothing one can say to truly express how it feels. All I can say is that it has been and probably will be the most unique experience of my life and I will cherish each and every moment of it. Want to shout out to the crew team, cross-country team, all of you in HR 2202, and all of those who went to Stowe. Chris, thanks for always being there, you are definitely all that one could ask for in a friend and more. So as not to forget anyone, I would just like to thank all those who made everyday an intersting and memorable one; these are the memories that will live on forever, not to forget the nights at Sandy Neck and the Gillepie's. Finally, I would just like to thank my parents who have always backed me in my decisions and supported me through tough times. I love you both.
And now it's time to go . . .

Special thanks to Mrs. Yessin and Mrs. Thibeault and the other teachers I've had, that helped me through my high school years. And special "no thanks" to Sean and Ryan.

Peter James Rubino

My high school experience will be remembered and reflected upon throughout my travels in life. First, I will remember my friends and my supporters. All my friends have supported me with every decision I had to make. I would never have had as much fun in high school without all of you. Second, I will remember those who influenced me and guided me on the path to success with support and understanding. This group consists of my guidance office, my teachers, my coaches, and especially my family. I wish to all of you success in the future and a glorious life ahead.

Mom, Dad, and Caitlyn, thank you for supporting me in school and any other activity I chose to do. I feel as though I have been friends with almost everybody at some point in my school career. Most of the friendships have died, others have dwindled town to a simple "hello." Some people have been nice and easy to talk to since the day I met them. I want to thank everybody who has ever been any kind of friend to me, especially those who I can still talk to and laugh with. I've found that only a very few friendships actually last the passing time. Malcolm and Seth, let the good times roll. Katie, thanks for always making our time together fun. To Caroline, you're amazing. You are my best friend, and in all the time I've spent with you there has never been a bad second. Thank you for just being who you are. — marcus

This rock is your mother, she holds you in the palm of her hand. This warmth is your father; he gives you his life , his spirit and his strength. This breath is a promise, a gift of love and loyalty. The tide turns; all things change, and are reborn. The earth suffers and endures; the ocean trembles, waiting for renewal. Fair things perish, and innocence dies. But hope survives while the Watcher keeps faith, high in the Needle. This is the way of Truth.

"He picked up the letter Q and hurled it into a distant bush where it hit a young rabbit. The rabbit hurtled off in terror and didn't stop till it was set upon and eaten by a fox which choked on one of its bones and died on the bank of a stream which subsequently washed it away. During the following weeks Ford Prefect swalloed his pride and struck up a relationship with a girl who had been a personnel officer on Golgafrincham, and he was terribly upset when she suddenly passed away as a result of drinking water from a pool that had been polluted by the body of a dead fox. The only moral it is possible to draw from this story is that one should never throw the letter Q into a privet bush."

First of all, I thank God for all the opportunities that he has given to me. I thank my mother because she is the only person that cares about me. I thank all the teachers at BHS, especially Mrs. Sands, Mrs. Smith, Mrs. Carlson and Mrs. Graf. Mrs. Clara M., thank you. Saudades. Busca. Realizacoes. Many were the obstacles I had to surmount to rebuild my life. Cultural differences, the language . . . well, the language. From HI and BYE, I'm now writing this, few words that represent not only "fight" in America. "the jungle;" these words are now being my tool to say obrigado to all those people who were important for me during these two years of high school. Teachers from my former schools, pessoas que eu conheci atraves da escola, todos que eu amo, colegas e amigos, tribos e mais tribos. Obrigada a todos por tanto mais que livros me ensinar. E e' isso ae! Sem mais, paz e peace Pra todos!!! E agora sim . . . CIAO!

(E muito mais) We are done; well, with high school at least. I can't believe it's over. I'll never forget the sad, hard, and fun times. As we go on, we remember all the times we had together. As our lives change, come whatever, we will still be friends forever. Unforgettable. ''innocence'' gets you what you want. Party up and have fun while you can. Jenny-my cuz; Jenna-minigolf was a blast; cool-Rob; R3-care bear; Andy-amo-te; keep all our jokes alive; Cowboys; hugs; runway to my locker; work buds; surprises; Spontaneous, rebel; red roses; seat giver; Homecoming; football games; Thanks to all, especially those I did not mention; you'll never be forgotten in my heart. Peom: I know that you are sad,/I know your feeling down,/But I wanted you to know,/I'll always be around,/I will always be your friend,/I'll never walk away,/Whenever you need to cry,/I'll be here any day,/I know how sadness feels,/And I can feel your pain,/It makes you feel so hopeless,/You don't know who to blame./But believe me when I tell you,/Your tears will go away,/Who knows how long it will take,/But you'll find a brighter day./ — me/

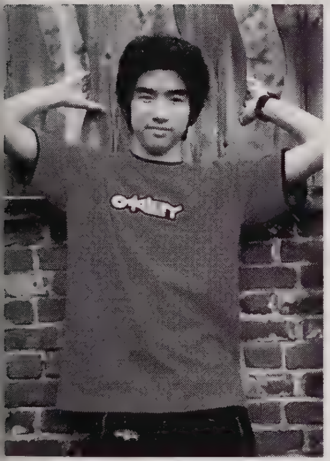
Forever thanks to my family for all your support and always being there for me, I love you. To the Martins, if there is the word to describe how I'm grateful to you, I would say, "You gave me the best year!" Special thanks to AFS for running the wonderful programs and giving me a chance to be here. All AFS students thanks for giving me an opportunity to meet people from all around the world and I hope someday the world would be friends, like us. Especially for Marion, Mar, Chaiwat and James, the special American student, thank you for being my good friends. You guys are awesome! And also the school and teachers, thanks for many new experiences. THANKS FOR ALL, AMERICA! And most of all, thanks for everything that happened in my life and myself.



Chaiwat (Note) Laoteppitak

Hi!!! One year seemed like a long time to be an exchange student. Many times I was sad, almost crying, or nervous till I wanna beat someone up, but many times I was happy also. Right now I think one school year isn't long enough for me. Thnx to the many friends who didn't mind talking to me or helping me, and for not insulting Asian people like somewhere else, even the first time we met, when they didn't even know where Thailand was, or never even knew about Asians. Thanks to my host family, who were so nice to me, and were my advisors when I had questions. And finally, if I ever did anything wrong or made someone nervous, I apologize. Good luck!

Future Problem Solvers

Future Problem Solvers are trained to fi
creative solutions to real issues that they w
be confronted with their adult lives. T
topics for this current year include Sm
Clothes, Rage and Bullying, Artificial Int
ligence, Media Impact, and Immigratio
The students research the topic beforeha
and are presented wtih a scenario based
the theme, but written at a point in time
least 20 years in the future. Based on t
scenario, they decide upon an underlyi
problem that, when solved, would have t
greatest impact on the conditions present
in the scenario. To be successful in the p
cess, students must have a broad knowled
of each topic and creative ideas, both
identifying the potential problems the s
nario presents and in finding effective s
lutions to those problems.

Gia Porcaro,

It is so hard to believe that you are graduating from High School. It seems like it was just yesterday when you started kindergarten. Time only flies by when you are having a wonderful time. Watching you grow up and become such a wonderful, beautiful, and talented woman was most definitely a wonderful time in our lives. You have taught us about what really is important in life and we thank you for that. You have a generous heart, a beautiful smile, terrific sense of humor, and a happy and bright personality. We could not have asked for a better big sister for Joe and Mikala. Your devotion and love for the two of them is incredible. We could not ask for a better eldest daughter; we already have the best. We know you will enjoy and excel in college and are excited for you in this next chapter of your life.

Love,
Mom, Dad, Joe, and Mikala

To Kate , Liz, Frank, and Katie:
We wish you the best in whatever you do. We know you will have great success!

It's a big girl world
But I'm a little girl.
It's a big girl world,
But I ride a Big Horse.

I stand above the world
A little girl on a Big white horse.
We flaunt our flashy looks!
We have big heads, and No remorse.

My boots, his hooves
they pound the ground.
We don't deny
we make a sound!

The jumps they inch higher.
My horse, he is a flyer.
He makes me feel like a
Big Girl in a Big Girl world!

For the little girl you were
and the big girl you've become

Class of 2004

Our hearts are leaping, our eyes are sparkling,
And it's all because of you.
We are so proud, so very proud,
Of the wonderful things you do.

Papa and Bumpa are watching,
and they're proud of what they see.
An adorable little girl,
grown up into a woman,
Just as beautiful as can be.

From the time you were a little girl,
You were the apple of our eye.
Now you're going to graduate,
And that will make us cry.

Another chapter in our lives
Will close with you this June,
But always remember one very important thing,
To us you are bigger and more important,
Than the sun, the stars, and the moon!

Love, Always,
Dad, Mom, Ashley and Anthony

Cherish your memories.
Learn from the past.
Aspire to lead.
Savor the moment.
Strive for the best.
